To Whom this may concern,  
Re your intention  
to change my small business JEPARIT POST  
OFFICE to be Austrac compliant.

We are almost ready to close the door here  
as would be many other small businesses  
around Australia, if we had to pay you for  
doing your job.

We have been here in JEPARIT for approx  
9 years. In that time we have had 5 days  
off. We live week to week and next year  
we have our two children off to university.  
If we had any spare money, which we don't, it  
would be going towards helping our children get  
educated.

Jeparit is situated approx 350 KLM from Melbourne  
Population including surrounding area is approx 385 People.  
We have never done a money transfer other than a  
small one for the doctor about 2 years ago.  
Please to contact me for further discussions if needed
