

Information Report

Overview International Funds Transfer Instructions (IFTIs) 2010-2019

Latest date of information: **01 July 2020**

Information summary

1. IFTI volume and values are reflective of reporting by reporting entities. Historical values can change in circumstances where additional reports are back-captured, reports are resubmitted due to errors or where there is over-reporting and reports are cancelled.
2. While AUSTRAC monitors and analyses the volume, quality and timeliness of the data it collects for intelligence and compliance purposes, raw data extracted for macro-level reporting may still contain discrepancies that are not identified until more granular analysis is conducted.
3. IFTIs reported by one major reporting entity skew results for Luxembourg, Singapore and the USA. This entity has centralised payment clearing houses in these three countries.
4. For the purpose of this analysis of "remittance businesses" AUSTRAC has included IFTIs reported by: Remittance Services alone.
5. Whilst all IFTIs are included in the total transaction tables, IFTIs with unassigned countries have been excluded from the country tables listed below.

Background

1. This report is in reply to a Freedom of Information (FOI) request dated 15 June 2020. The FOI request is outlined:
 - a) "...seeking information under the Freedom of Information Act, specifically documents, or a computer-generated table, showing the following detail from submitted International Funds Transfer Instructions (IFTIs)
 - b) A computer generated table for the 2010, 2011, 2012, 2013, 2014, 2015, 2016, 2017, 2018 and 2019 calendar years showing the total value of IFTI reports submitted in respect of funds movements OUT of Australia, listed separately by country and by whether or not the IFTI's were submitted by remittance sector businesses.
 - c) A computer generated table for the 2010, 2011, 2012, 2013, 2014, 2015, 2016, 2017, 2018 and 2019 calendar years showing the total value of IFTI reports submitted in respect of funds

14. Raw data extracted for macro-level reporting may contain discrepancies that are not identified until analysis is conducted.
15. The intelligence product has been prepared at a point in time at which the information is current. AUSTRAC information can at any future time be corrected where discrepancies in the reported data are identified or additional back-captured, resubmissions or cancelling of reporting occurs.
16. The countries and economies outlined reflect the depth and breadth of globally collected financial information, however they do not reflect the views of the Australian Government or the Australian Transaction Reports and Analysis Centre on disputed international boundaries and countries.
17. For this reason, no definitive conclusions regarding the activities examined in this product may be reached without additional investigative effort.
18. In accordance with the Australian Government Public Data Policy Statement, AUSTRAC will facilitate access and use of non-sensitive data to the public, industry and academia to contribute to greater innovation, productivity, commercial use and community benefit. Definitions

19. IFTI-DRA International funds transfer instruction under a designated remittance arrangement. This is a report type used by remittance service providers (i.e. money transfer businesses) to report transfer instructions into or out of Australia under items 3-4 of section 46 of the AML/CTF Act.
20. IFTI-E - Electronic International electronic funds transfer instruction. This is a report type used by financial institutions, such as banks, building societies, credit unions and ADIs, to report transfer instructions into or out of Australia under items 1-2 of section 46 of the AML/CTF Act.
21. Note: AUSTRAC collects data under both the Financial Transactions Reports Act 1988 (FTR Act) and the Anti-Money Laundering and Counter-Terrorism Financing Act 2006 (AML/CTF Act). While AML/CTF Act reporting obligations came into effect in December 2008 transitional arrangements meant most entities did not fully transition to AML/CTF reporting until mid-2010.
